

The Domination system is the fallen counterfeit of God's Kingdom/liberation system. Each fallen aspect is held in place by a false message/script.

So what are we to do?

1. **Recognize the message/assumption/script/untruth that holds the domination in place.**
Reject the message inwardly and outwardly.
Replace with God's message/assumptions/truths. Live out God's scripts.
2. **Avoid fear.**
Fear is a tool--and a pleasure--of domination.
Accept the dangers as real and legitimate.
Replace any fear with love.
Physically, you can interrupt the cycle of fear by simply taking deep breaths.
3. **Don't waste time on disbelief and bewilderment.**
Evil is misarrangement. It is not logical. Don't waste valuable energy trying to make it logical/figure it out.
Simply name it & Move on.
4. **Replace powerlessness with a picture of God's Kingdom order.**
That can be easily understood as things being on earth as they are in heaven.
Follow whatever Spirit raises as your next step.
5. **Don't mirror evil.**
We become what we hate and what we fight. It is a way of accepting the enemy's terms of the situation. We liberate ourselves and others when we die to the control of evil.
6. **Praise, Laugh and Love... and Sing!**
These all break the grip of the powers--and befuddle them. They are opposite of the outcome domination is seeking and counting on.
